Riverwood
Senior Living

Hello Riverwood friends and family,

It sure is hot outside, but our residents are staying cool in Riverwood. As your family has fun in this sun, please consider joining us for an event or visit! Residents appreciate company like yours.

“And you will know the truth, and the truth will set you free.”
— John 8:32

The scripture celebrates our freedom, and each year on July 4th our country does as well. Independence Day is a special day in our independent living community. Freedom is so important to each of our residents, the freedom to spend their day how they would like with assistance only whenever they need it.

At Riverwood, we provide attentive support while also encouraging an independent lifestyle. As a continuing care community, we are here to provide varying senior care options, as needs evolve over time. We want to assist with living, allowing residents to experience the freedom and independence that are so important to us all.

As always, thank you for trusting Riverwood with your care. We look forward to what July will bring.

With love,
Your Riverwood Family

FUN FACTS

- » July was named after the famous Roman general Julius Caesar by the Roman senate; as it was the month he was born in. Julius Caesar was a formidable military general and statesman who was largely responsible for changing the Roman Republic into the Roman Empire. The month was previously called Quintilis (Latin for fifth) as it was the fifth month of the 10-month-long ancient Roman calendar.
- » As the second month of Summer, July is, on average, the warmest month of the year in the northern hemisphere. Its southern hemisphere equivalent is January.
- » On July 4, 1776, the 13 American colonies declared their independence from the British monarchy. The 4th of July, formally known as Independence Day, has been a federal holiday since 1870 in the United States of America.
- » July isn't just the month for Independence Day, though. There are plenty of other great holidays observed around the world! July 2nd is World UFO Day, while July 3rd is Stay out of the Sun Day.
- » On July 25, 1909, Louis Bleriot became the first man to fly an aircraft from one country to another successfully. He took off from the coast of France and landed across the channel near Dover, England.
- » There are two-star signs which fall in the month of July. If you're born before July 22nd, then your star sign is Cancer. If you're born after this day, from July 23rd onward, then you're a Leo.
- » July 12, 1943, was an explosive day. On this day, Russian and German forces fought the largest tank battle in history, with 900 tanks on either side obliterating each other at close range. After a cease-fire was ordered and the smoke cleared, there were only 300 German tanks left standing.
